Why Bartender Spirits Awards?

[Bartender Spirits Awards](#) recognizes that bartenders are the true influencers – their passions and tastes provide direction for the consumer, especially via their guidance with wine, beer or spirit recommendations. The creation of new drinks is often driven by bartender tastes and perceptions of current trends.

The aim of the spirits competition is to provide independent and honest reviews for brands targeting the U.S. bar trade. [The judging panel](#) consists of some of the most renowned names in the U.S. bar industry, all of them with extensive expertise within the on-premise industry.

Who Are The Judges?

The [judging panel of the Bartender Spirits Awards](#) will consist entirely of top bartenders at U.S. restaurants, bars, pubs, and clubs. In order to be selected as a judge, bartenders need to provide evidence of their expertise within the on-premise industry. In some cases,

these bartenders may also be cocktail consultants for on-premise establishments or play an important buying role for their on-premise establishment.

Medals will be awarded to those spirits that meet very specific judging criteria, with a goal of identifying spirits that should become additions to bar inventories. Double Gold, Gold, Silver and Bronze medals are awarded to the best-performing spirits based on the following metrics: taste; packaging; and price.

Medal winners will be showcased in the Bartenders Spirits [TOP 100 SPIRITS Guide](#), which will be distributed to thousands of bartenders in the U.S. in 2020.
